School Philosophy

Trinity High School is a Catholic educational community sponsored by the Sisters of St. Joseph of the Third Order of St. Francis. It seeks to guide young men and women to realize their call to become mature, educated, Catholic adults. Trinity's program seeks to utilize the diverse areas of spiritual, intellectual, social, emotional, aesthetic, and physical development in order to realize the one goal of aiding students to achieve maturity as Catholic adults.

Trinity believes that the student is the focal point of its educational mission that is centered in the person of Jesus Christ. As a member of the redeemed community of humankind called to cooperate with grace in a world flawed and influenced by sin, the student is challenged to respond to the call to become a mature, educated Catholic adult. The response involves:

- A willingness to foster a personal relationship with Jesus Christ.
- An active participation as an individual learner in Trinity's educational program and pre-professional internships in order to develop his/her talents, refine career goals, begin to make personal choices, and accept responsibility for the direction of his/her life.
- A growing acceptance of and growing sense of care and concern for others.
- A developing sense of responsible membership with an ever-widening circle of communities: family, school, parish, city, nation, Church, and world.
- An openness to discerning the importance of living Gospel values in today's pluralistic world.

Trinity believes the educator is a person of faith who is committed to the task of guiding students to realize their call to become mature, educated Catholic adults. Essential elements in the educator's commitment to this task include:

- Seeking personal growth in faith and a relationship with Jesus Christ.
- Serving as a model of moral living and of the integration of life, learning, and faith.
- Stimulating, guiding, and facilitating the students' learning toward the attainment of the school's educational goals.
- Expressing care and concern for the students by being sensitive to what is happening in the students' lives.
- Incorporating real-world experiences and a reflection upon the theology of work into student coursework.
- Dedicating himself/herself to professional growth in teaching skills and subject area knowledge, and in commitment to the mission of Catholic education.

Trinity locates its mission within the educational mission of the Catholic Church that seeks to infuse all knowledge and human culture with Gospel values so that the light of faith will illumine the knowledge that the students gradually gain of the world, of the marketplace, of life, and of humankind. Trinity's educational program is designed to offer students a variety of courses, relevant pre-professional internship experiences, and activities that prepare them for a future life in our pluralistic world as mature, educated, Catholic adults.

Academic Program

Requirements for Participation in Commencement

Participation in the commencement ceremony is a privilege granted solely by the Administration of Trinity High School. In addition to fulfilling the criteria for receiving a diploma, including satisfactory scores on state-mandated examinations, a student must fulfill a number of other obligations, including but not limited to the following:

- The payment in full of all tuition and fees, regardless of payment dates listed in the bank payment booklets;
- The payment in full of all balances owed to the cafeteria or bookstore;
- The return of all textbooks and the payment of fees for any lost or damaged textbooks;
- The return of all sports uniforms and the payment of fees for any lost or damaged uniforms;
- The completion of all requirements of the Trinity High School Religious Formation Program.
- Behavior in accord with the Student Accountability Code, including the dress code. Students who choose to behave inappropriately risk being denied the privilege of participating in any or all senior activities, including commencement, baccalaureate and prom.

Student Promotion

A student who completes successfully the criteria established by the teacher for passing an academic course will receive the appropriate unit(s) or fractional units of academic credit.

Calculation of Grades

A teacher may determine a student's letter grade by whatever method he/she has established in writing and distributed to students. Term grades are calculated by assigning a weight of 40% to each half term grade and a weight of 20% to the final exam or project. In the event that no final exam or project is given, each half term grade will be weighted as 50%.

Academic Program

Academic Honesty

As a Catholic Christian learning community, Trinity High School expects truth and honesty from every student in all academic endeavors. By copying, cheating or misrepresenting another's work as one's own, a student seriously damages the spirit of trust and dialogue that characterize this community. Examples of academic dishonesty include but are not limited to:

- Unauthorized access to or use of information, materials or other aids in an academic activity.
- Plagiarism, which involves misrepresenting another's ideas or work as one's own.
- Knowing about, contributing to or facilitating such dishonest acts.

Teachers will include the consequences for such behavior in their classroom policies. Additional penalties, including the possibility of suspension and expulsion, may also be imposed by the Administration of the school.

Reporting Academic Progress

Trinity High School informs parents of the progress of their student(s) through a combination of written interim reports and formal report cards. Formal report cards are issued every nine weeks. Final course grades are documented at the end of each term (Jan./June). In addition, parents and students may access the electronic gradebook for information about academic progress.

Transcripts include final grades and credits earned. As of 2014/2015 it is Trinity's policy not to rank students and will no longer be included on the transcript.

Honor Roll Requirements

First Honors:	3.700 or above
Second Honors:	3.400-3.699
Merit Roll:	3.100-3.399

Graduation Honors Policy

All graduation honors are based on the seniors 7th term accumulative grade point average. A student must complete at least one-half of his/her credits at Trinity High School to qualify for graduation honors.

Honors/Advanced Placement Courses

Honors and Advanced Placement courses are designed for academically talented, highly motivated students who have demonstrated by their past achievement that they are capable of mastering a more challenging course. Because there are a limited number of openings available in Honors/Advanced Placement classes, the Administration reserves the right to make the final decision in assigning or not assigning a student to an Honors/Advanced Placement class. Students enhance their chances of being admitted to Honors/Advanced Placement classes through earning high grades and participating in standardized tests.

Failures

A student who receives an "F" (failing mark) as a term grade will not receive the appropriate unit(s) or fractional unit(s) of academic credit.

Failure to earn credit in a course is an extremely serious matter. In the event that failure does occur, there are three options for earning the lost credit:

- Earn the missed credit from a school or program approved in advance by the Principal of Trinity High School.

Grading Scale

- Secure private tutoring during the summer months with a teacher licensed in the appropriate subject. This program of tutoring must be approved by the Principal in advance and must include documentation of mastery of the objectives of the Trinity High School Course of Study. The proposed tutor must provide Trinity with a copy of his/her valid teaching certificate or license in the appropriate subject in order for this option to be approved.
- Re-enroll in the course at Trinity High School in the following academic year as approved by the Principal on a case-by-case basis.

All academic matters are subject to the review of the Principal.

Scholastic Awards Convocation

At the end of the year, the school sponsors an academic convocation to honor the students who have shown significant achievement in academic endeavors. Seniors with an accumulative grade point average of 4.0 after the 7th term will be designated St. Anthony Scholars. This convocation is by invitation only.

Incompletes

If special circumstances exist, e.g., extended illness, a teacher may assign temporarily a grade of “Incomplete” (I) at the end of a half-term or term. A student may make up the necessary work within a time period equal to the number of days absent or two weeks, whichever is shorter. Otherwise the “Incomplete” grade becomes an “F,” a failing grade. The Administration reserves the right to extend the time allowed for make-up work.

Make-Up Work Following Full Day(s) of Absence

Tests and Long Term Assignments: If a student is absent for the day when a pre-announced quiz or test is given, the student should be prepared to complete that quiz or test on the day of return. In any event, the student must contact the teachers on the first day he/she returns to receive make-up work. Similarly, if a student is absent for the day when a pre-announced, long-term assignment is due, the student must submit that assignment on the day of return. Given the ease and availability of electronic communication, teachers may choose to impose academic penalties for such late submissions.

Other Academic Work

It is the student’s responsibility to make-up all schoolwork missed due to absence from a full day or days of school. Work that is not completed within a time period equal to the number of days absent or two weeks, whichever is shorter, will not be accepted. The Administration reserves the right to extend the time allowed for make-up work. In any event, it is the responsibility of the student to cover work missed. Moreover, in the event of an extension, a written statement noting the deadline for missing assignments must be prepared by the student and signed by the student, a parent/guardian and each teacher.

Missing Individual Classes on a School Day

Students who miss any part of a school day due to a late arrival, early dismissal or school-related activity are responsible for approaching each teacher promptly concerning missed work according to the time frame listed in each teacher’s classroom policies. Work missed because of unexcused absence or tardiness may not be made up.

Academic Probation Program

Students who fail to achieve the level of academic performance expected of Trinity students will be assigned to the school’s Academic Probation Program. This program involves the following steps and procedures:

1. Entry: Students who earn one “F” or below a 1.3 GPA in a half-term enter the program’s first level.

Grading Scale

2. Notification: Shortly after the issuance of report cards, the Administration will notify the student's parent/guardian of the student's entrance into/continuance with the Academic Probation Program.
3. Steps for Improvement: In a meeting with the student, a counselor will work with the student to identify the possible cause(s) of low achievement. The counselor and student will identify strategies to facilitate improved achievement.
4. Transition to Level Two of Academic Probation: If a student has improved his/her achievement to the point of exceeding the minimum standards of the Academic Probation Program, he/she is removed from the program. If a student has faithfully employed the recommended strategies and still falls below the "one F/below 1.3 GPA" criteria, the strategies are re-evaluated and revised as appropriate.
5. Transition to Level Three of Academic Probation: If a student has improved his/her achievement to the point of exceeding the minimum standards of the Academic Probation Program, he/she is removed from the program. If a student has not followed the recommended strategies and again falls under the standard, the question of the student's re-admittance to Trinity High School will be decided by the Administration.

Withdrawal from Trinity High School

As a condition of withdrawal, a student wishing to withdraw from Trinity must contact the Business Office and complete a form that asks pertinent information. In addition, the Business Manager must approve the release of academic records. The Administration reserves the right to discuss with the student reasons leading to the decision to withdraw.

Annual Review of Student Performance

In the weeks immediately following the conclusion of each school year, the Administration conducts a thorough review of the performance of each student enrolled. Based upon this review, a student may be required to enter into disciplinary, academic, and/or attendance contracts as a condition of his/her continued enrollment at Trinity High School. This review may also result in a student's withdrawal.

Athletic Policies

Eligibility

Trinity High School recognizes three dimensions of eligibility: academic eligibility, social eligibility, and eligibility as determined by Ohio High School Athletic Association (OHSAA) policy.

Academic Eligibility

Since Trinity is first and foremost an academic institution designed to prepare students to go on for further study or to enter the labor force, it is expected that every student give top priority to his/her education. The decision on academic eligibility is the sole responsibility of each faculty member. The procedure for determining academic eligibility is as follows:

- At the beginning of each season (three times annually), the Athletic Director will submit a list of student athletes to the administrative secretary of those athletes currently eligible for participation. The list is used for the entire athletic season.
- Each Thursday by 12:00 pm, all teachers will submit a list of students on the athletic eligibility list who are currently receiving an accumulative grade of F for the half-term.
- The Athletic Director will compile a list of students who are failing. If any student is failing two or more courses, he/she will be ineligible for one week beginning the following Monday that will last through Sunday.
- Each week a list of ineligible student athletes will be published to teachers.
- A student athlete will lose eligibility for a period of nine weeks if he/she earns two or more failing grades at the half-term, or if he/she earns a half-term average below 1.30
- All student athletes must pass at least two classes worth one credit each half-term to be eligible. Failure to do so will result in suspension of athletic participation for the next quarter per Ohio High School Athletic Association policy.

Social Eligibility

Any student whose behavior in the school demonstrates a lack of self-discipline and an inability to follow the school's Student Accountability Code will not be permitted to dress for or play in an interscholastic contest. The procedure for determining social eligibility is:

- Certain offenses or an accumulation of offenses can result in suspension from practices and games as determined by the Administration.
- Rules for those students who use alcohol, tobacco or any other chemicals are listed in the student's training rules.
- The Administration of the school makes the final determination of the student's eligibility.

OHSAA Eligibility

OHSAA rules include but are not limited to the following:

- A student must be enrolled as a pupil no later than the 5th school day after the start of a semester in which the contest occurs.
- After the eighth grade, a student has eight semesters of eligibility for sports participation. Repeated semesters count against eligibility.
- Students representing OHSAA member schools must be amateurs. No promise of or acceptance of remuneration is permitted.
- Each athlete must have a yearly physical examination prior to the beginning of practice for the first sports season. The completed physical card and parental permission card must be on file in the Athletic Director's office prior to the first practice session.

Athletic Policies

- Squad members may not participate on an independent team in the same sport during the same season.
- A student may participate only in a maximum number of games, quarters, periods, matches as established by the OHSAA per sport.
- A student is ineligible for competition if he/she reaches the age of 19 prior to August 1.
- A student must be present in school one-half day on the day of the contest or practice to be eligible to dress or play that day.
- From the time a student's name appears on the eligible list, he/she may not join another team in another sport until the end of that sports season without the written consent of the Athletic Director.
- No student may be excused from physical education classes (seasonally or on a per day basis) due to athletic competition.
- All eligibility rules apply to cheerleaders.
- The athlete shall adhere to all training rules established by the coach of the sport.
- A student will not be permitted to participate in two interscholastic sports during the same season.

Status of an Ineligible Player

- The student may practice with his/her squad.
- The student may accompany his/her squad to a contest but may not dress in uniform.
- The student may not participate in any team game at any level.
- The Administration, athletic director and/or coach reserve the right to revoke all participation privileges of an ineligible student for behavior inconsistent with the school's academic, conduct, and athletic standards.

Conduct of Student Athletes

A student who becomes a member of an athletic team, including cheerleading, must adhere to guidelines, rules and regulations governing that activity. These guidelines include rules regarding practices, award requirements, training rules and statements concerning games and practices occurring during school vacations or holidays. When students participate in an athletic activity, they are representing their school and community. Athletic rules and regulations apply before, during and after sports activities.

Training Rules

Expectations of coaches:

- The coach of each athletic team is expected to present a written statement of guidelines, training rules, and regulations to each member of the squad. The student must sign an acknowledgment that he/she understands them and the penalties that may be imposed for breaking the rules.
- Although coaches may set training rules that are unique and pertinent to their sport, the rules and the penalties for breaking these rules shall be consistent and in common with all of the rules set by coaches directing interscholastic athletic programs.

General Training Rules

- The student athlete shall not intentionally cause or attempt to cause substantial damage to valuable school property or steal or attempt to steal school property including, but not limited to, athletic equipment, uniforms and supplies.
- A student athlete shall not cause or attempt to cause damage to valuable private property, or steal or attempt to steal private property.
- A student athlete may never use any form of abusive or profane language or gestures toward a coach, teacher, administrator, authorized participant, official, or spectator.

Athletic Policies

- All student athletes shall comply with specific training rules and regulations distributed to them by the coach or director at the beginning of the sports season.
- Students participating in one sport are not eligible to take part in training or open gym sessions of another sport until the current sport season ends.

Failure to abide by the aforementioned responsibilities and requirements shall result in disciplinary action.

Wearing Uniforms

Wearing uniforms the day of a game is ordinarily not permitted unless a rally is being held that day or special permission has been given.

Attendance Required on Contest Days and Practice Sessions

A student must attend at least one-half day (two classes) to be able to dress for or compete in an athletic event that day. He/She must also attend classes one-half day in order to take part in the same day's practice session. Any exceptions (i.e. doctor's appointment, funeral, etc.) must be cleared with the Assistant Principal and Athletic Director.

No Practices When School is Cancelled

No practice will be held when school is cancelled because of inclement weather. The status of any scheduled game will be the responsibility of the Athletic Director and the Principal.

Athletic Awards

Freshman Teams: Each player receives a certificate for participation on the team. Individual team members may qualify for a Varsity letter or a JV certificate.

Junior Varsity Teams: Each player receives a certificate for participating on the team. Individual team members may qualify for a Varsity letter.

Varsity Teams: This award consists of a six-inch chenille "T," a gold pin and a certificate. If a player letters in the same sport a second year, he/she receives a pin and certificate. The third year a plaque is awarded, and the fourth year, a special plaque is given.

Special Awards: Three special awards are given each year in every sport: Most Valuable Player, Most Improved Player, and a Team Award. Also, a senior boy and girl are named Student Athletes of the Year. To qualify for this award, the player must maintain a 3.0 scholastic average and must participate in two sports.

Managers and Assistants/Statisticians: Managers can receive either JV or Varsity awards. Statisticians may be recognized by the coach.

Cheerleaders: Cheerleaders are eligible for the same awards as team members except for the "Special Awards."

Awards Regulations

- Recipients of awards are determined by the individual head coaches and the Athletic Director.
- All seniors get letters if they participate at least two years in a program.
- All team members receive plaques if the team wins conference, district, regional, or state championships.
- Jersey numbers will not be retired under any circumstances.
- Sectional championship teams will be awarded certificates.

Attendance Policies

Excused Absence, Unexcused Absence, and Tardiness

“Excused” indicates that work missed during the absence may be made up. “Unexcused” means that work missed may not be made up. For an excused absence, the parent/guardian must notify the school by phone and must give the student a written excuse, which must be presented upon the student’s return to school. Otherwise, absence has only one meaning: not present. Similarly, tardiness means not on time. Students and parents must be aware that all absences and tardiness, regardless of reason or excuse, have the potential of negatively affecting both academic progress and continued enrollment at Trinity High School.

Reasons for Excused Absence from School

Possible reasons for excused absence include:

- Illness with doctor’s excuse
- Illness with parent’s excuse
- Illness in the immediate family
- Death of a relative
- Emergency at home (validity to be determined by the Attendance Office)
- Absence approved by the Principal
- Breakdown of school bus known to Attendance Office
- Extreme weather conditions that make it impossible to get to school

Reasons for Unexcused Absence from School

Possible reasons for unexcused absence include:

- No call from parent/guardian on the day of absence
- No written excuse presented upon return to school
- A phone report of absence from an unauthorized person
- A forged written excuse with a forged signature

Please note: With an unexcused absence, the student is denied the right to make up any work missed. He/She receives a failing grade for such missed work.

Reporting Absences

Trinity High School requires that the following procedure be implemented whenever a student is absent:

- The parent or legal guardian must call the Attendance Office at 216-581-1644 before 8:15 am and give the student’s name, grade and reason for absence.
- For the purpose of verification, the student must present a written excuse signed by the parent/guardian upon return to school. Failure to bring this written excuse will be reported to the Principal.
- Students whose parents fail to call or fail to give the student a written excuse will have their absences recorded as unexcused.
- Students whose absences are unexcused will receive no credit for any work missed.

Vacation Absence Procedure

- Parent/Guardian must submit a written request to the Principal of Trinity High School a minimum of two weeks in advance of the scheduled vacation. This request, which must be signed by the parent or guardian, should indicate dates of departure and return as well as the destination.

Attendance Policies

- The student assumes full responsibility for obtaining, in advance, assignments and materials that will be covered during the absence. However, teachers cannot reasonably be expected to furnish students with all materials, activities, etc. that will occur during the absence.
- Teachers are not expected to tutor students for work missed during planned absences and are not obligated to permit make up work if the necessary arrangements have not been made prior to departure.
- The request is approved by the Principal, and the student gives the approved request to the Attendance Office.
- Vacation days are counted as days absent; therefore, the student does not have perfect attendance. Also, vacation days do count against the school's excessive absence policy described elsewhere in this section of the Handbook.

Procedure for Late Arrival and Early Dismissal

The parent/guardian must call the Attendance Office prior to the student's request to arrive late or leave early because of an out-of-school appointment. No student will be permitted to leave early if a phone call has not been received.

In addition, the student must present a note from his/her parent or guardian to obtain a late arrival/early dismissal pass from the Attendance Office on the day of the late arrival or early dismissal. The pass must be shown to the classroom teacher prior to leaving and/or upon return.

The student is responsible for making up all work missed, provided the late arrival or early dismissal is deemed excused.

Perfect Attendance Defined

Perfect attendance is defined as no tardies (excused or unexcused) and no absences from school or class (excused or unexcused), unless the absence is explicitly approved by the Administration or is part of a school-approved, school-sponsored activity. Perfect attendance will be clearly noted on the student's academic transcript (permanent record). Colleges and employers will be able to see the student's outstanding attendance record.

Excessive Absence

Students are considered excessively absent when they have six excused or unexcused absences from any class(es) in one half-term. Special consideration may be given to students who have documented medical reasons for prolonged absence or if there are other extenuating circumstances.

When the student is absent from class(es) six times in one half-term, he/she risks a failing grade for the class(es) for that half-term, subject to the determination of the Principal.

When the student is absent from class(es) twelve times in one term, he/she risks a failing grade for the term, subject to the determination of the Principal.

Tardiness

A student is tardy to school when he/she arrives late and is marked tardy by a classroom teacher or the Attendance Office. Persistent tardiness can lead to serious consequences, including suspension and withdrawal from Trinity High School.

Attendance Policies

- A student who arrives anytime after 8:15 am must report to the Attendance Office, where the tardiness will be recorded and an admit slip will be issued.
- The Attendance Office keeps track of all tardiness and reports repeated offenses to the Assistant Principal for possible action.
- With the exception of situations where a student is detained by a staff member and reports to class with a written excuse from that staff member, teachers do not distinguish between excused and unexcused tardiness. Teachers simply report that a student arrived late to class. Students who feel that their tardiness merits special consideration need to present their cases directly to the Assistant Principal. Because the Student Accountability Code generously allows for two tardies before disciplinary action occurs.
- Students who miss quizzes, tests or other assignments because they are late risk not being permitted to make up the work.

Cutting Class or School

A student is considered to have cut if, for any reason, he/she does not report to an assigned class or other activity without the prior written permission of a staff member. The student who cuts a class may not make up the missed work. Students will be assigned a detention for each class they cut, subject to the “two detentions per half-term” policy; students who cut school will incur disciplinary penalties that may include Saturday School, suspension, and withdrawal.

Activities, Athletics, and Attendance

- Student must attend at least one-half day of school (two classes) in order to take part in scheduled athletic events or a practice session.
- If a student is absent from school on a given day, he/she ordinarily may not attend any school-sponsored function in the evening.

Guidance Services

To Make an Appointment with a Counselor

To see any member of the Guidance Department, you must request an appointment using the online scheduler. A confirmation of your appointment will be sent to you. Show your appointment slip to your teacher and have it signed before coming to the scheduled appointment. If you need to see a guidance counselor but have not made an appointment, go to the Guidance Area and ask the attendance secretary for assistance.

Transcripts for College Applications

All college applications must be taken to your assigned Guidance Counselor. You will then be given a “Request for Transcript Release” to authorize Trinity to release specific information about you to the colleges you are designating on the form. The law requires this type of release signed by you (or your parents if you are under 18) if information is to be sent to any college or employer. The following procedure is to be followed for transcript requests:

- Meet with your Guidance Counselor with your completed college applications and fill out the “Request for Transcript Release” form.
- Transcripts are sent free of charge for current Trinity High School students. Transcripts for graduates and students no longer enrolled at Trinity High School will cost \$3 each.
- Your counselor will review your college application with you, complete any sections requiring secondary school information and send the completed forms to the Business Office.
- The Business Office will mail your application and a copy of your transcript to the designated institution.

Job Opportunity Board

Various job opportunities will be listed on the bulletin board outside the library.

Guidance Resources

There are many resources available for student use located in the Guidance Area. They include tapes, slides, videos, printed materials and computer programs on study skills, test taking, college information, financial aid information, career planning skills, stress management, and many other topics.

Religious Formation

Trinity High School locates its individual mission and purpose within the pastoral mission of the Church. Its goal is to provide a quality education, firmly rooted in the framework of the Catholic faith, that aids its students to grow intellectually, physically, socially, religiously and morally. All of its programs and policies are evaluated within this context. As a community of persons, it seeks this model, focus and goal in the person of Jesus Christ.

In light of recent documents of the Church, Trinity's religious formation program focuses its attention on the development of a sense of ministry within its students. The goal is to help students see themselves as full members of the Church with the privilege, responsibility and challenge to minister to one another in an ever-widening circle of community. The programs and policies of religious formation are geared to aid in this process of development. This program is meant to be a help to students as they are prepared to take up the challenge of living the Christian life.

Religious Formation within the School

As a Catholic School, Trinity High School believes that its primary reason for existence is the religious formation of students. Religious formation is one of its top priorities, and this priority can be clearly seen at Trinity. It is not sacrificed because of financial problems or scheduling difficulties.

Religious formation is not the exclusive domain of any one person or group of persons on the staff. All faculty members support and participate in religious formation activities. A number of faculty members serve on the Ministry Team and assume responsibility for specific aspects of the Religious Formation Program.

Religious Activities

The Second Vatican Council described the liturgy as the source and summit of the whole ministry of the Church. Trinity places the liturgical celebration of the Eucharist at the center of its school life. It offers its students a wide variety of liturgical and prayer experiences to expose them to the riches of the Church's heritage and to help them develop a personal appreciation and love for the Eucharist and for prayer as integral to a life of faith. At Trinity, the liturgy and prayer services are regularly celebrated in small class groups and, on special feasts, with the entire school community.

Sacrament of Reconciliation

The school plans penance services during Lent. Students are then free to celebrate the Sacrament of Reconciliation privately with a priest.

Retreats

The staff of Trinity High School believes it is important to offer students the opportunity to make a retreat each year. Retreats, a long-standing tradition in the Church and Franciscanism, provide individuals with the time and space necessary to pull aside from all day-to-day concerns and to reflect on the direction of their lives. It is an excellent opportunity to pray and to "listen" to God's voice in one's life. Each year the Ministry Team develops a variety of retreat experiences for all Trinity students. Participation in a retreat experience is required of every student each year.

Service Program

As a Catholic school, Trinity recognizes service to others as a fundamental obligation of all Christians. Through the THS service program, Trinity students will:

- Participate in a wide variety of meaningful service experiences, both within Trinity High School and their church, as well as in the local community and as part of service organizations and agencies.
- Be provided opportunities to connect their service experiences with Scripture and Catholic social teaching and thus deepen their understanding of the relationship between being a disciple of Jesus and service of others.

Religious Formation

- Reach out to those most in need within our society and in the world.
- Examine and consider the causes of poverty and suffering in the world in light of the Gospel.

Structure of the Trinity High School Service Program

- In-Reach: Service within Trinity High School or a student's church community.
- Out-reach: Service beyond Trinity or church community, including agencies, non-profit organizations and programs which serve people in need.
- Theology Class Connections: Each of the four years of theology will include a service component whose guidelines will be established by the theology teacher. These hours will also count toward a student's cumulative total for each year.
- Campus Ministry: Students will be encouraged to participate in additional service opportunities provided through the Ministry Office. Students may choose between significant ministry events, service projects sponsored by the "Instruments of Peace" organization or other approved service projects, such as Alternative Spring Break.

General THS Service Program Guidelines

- Each student is expected to complete and submit 20 hours per year, for a total of 80 over four years, during which students have provided service within Trinity or their church, as well as their local community. These hours should be submitted to the Director of the Service Program to be recorded in each student's service file.
- Effective 2009-2010: The Trinity High School Service Program will not accept service hour recognition for the following types of service:
 1. Family-owned businesses or organizations;
 2. For-profit businesses or organizations, regardless of ownership;
 3. Service provided for extended family members, except under extraordinary circumstances, and only when preapproved by the Director.
- Effective 2009-2010: Trinity High School service hour forms must be submitted for approval within 30 days of completing a particular service or project in order to receive credit for that service.
- In order to encourage students to experience a variety of service opportunities, individual service experience will count for not more than 10 hours toward a student's total, unless pre-approved by the Director or the appropriate Theology teacher.
- Organizations in which students serve must be consistent with Catholic values and church teaching.

Accountability for Participation in the Service Program

Any student who fails to fulfill the service hours requirement will not be permitted to publicly graduate from Trinity.

Baccalaureate Liturgy

As a Christian Catholic community, it is only natural that those about to graduate should gather to celebrate the Eucharist with their parents and with the faculty and school Administration. This Baccalaureate Liturgy centers around the theme of being sent forth in service to God and God's people.

Student Accountability Code

Philosophy

Trinity High School's Student Accountability Code seeks to promote the development of students by upholding standards of behavior that reflect Gospel values, enhance mutual respect, form character, encourage personal responsibility, and offer opportunities for personal growth as students respond to the call to become mature, educated Catholic adults.

We believe that:

- This educational community needs a code of student accountability to articulate behavioral standards consistent with the school's philosophy, to maintain order and to promote positive behavior necessary for learning and growth.
- Discipline is a learning process that guides an individual to develop his/her best self while respecting the rights of others.
- Students learn responsibility for their actions through the choices they make and by accepting the consequences of their actions.
- Disciplinary interventions are designed to help students reach their full potential as members of the Trinity High School community whose behavior conforms to standards determined by the school's Administration.

Procedure for Class I (Very Severe Behavior) Referrals

The first referral may result in any or all of the following actions as determined by the Administration of the school:

- Assignment to detention(s);
- Referral to a guidance counselor;
- Parent phone call, letter, or conference;
- Out-of-school suspension; and/or
- Expulsion.

Subsequent referrals may result in any or all of the following actions as determined by the Administration of the school:

- Parent phone call, letter or conference;
- Out-of-school suspension; and/or
- Expulsion.

Procedure for Class II (Serious Behavior) Referrals

In conjunction with classroom intervention strategies employed by individual teachers, the following procedures apply to Class II (Serious Behavior) referrals:

- A student who is tardy to three classes in any half-term will be assigned to one two-hour detention.
- A student who cuts a class will be assigned to one two-hour detention. Additional cuts will bring additional penalties.
- A student who violates the dress code is subject to the penalties detailed elsewhere in this Handbook
- If a student continues to misbehave after serving two detentions in a half-term, he/she will incur harsher consequences, including suspension and/or expulsion.

Rules Governing the Detention Period

- Detentions are scheduled on Wednesday afternoons, beginning promptly at 3:10 pm and ending exactly two hours later.
- Because students are assigned to detention because of their own failure to follow the Student Accountability Code and because they will have at least 48 hours' notice of their detention assignment, detentions may not be rescheduled to accommodate scheduling conflicts with work, athletics, activities, etc.
- Students must appear in full compliance with the Trinity Dress Code.
- Students should come to the detention site with sufficient textbooks, notebooks, paper, writing instruments, etc. in order to be actively engaged in academic activity (reading, writing, studying) for the entire two hours. At the discretion of the administration, students may be assigned to work detail in lieu of study time.
- There is absolutely no talking or sleeping during the detention period.
- Students who arrive after 3:10 pm will automatically receive a second detention assignment.

Rules Governing Out-of-School Suspension

An out-of-school suspension for one or more days is assigned to a student who has committed a Class I (Very Severe Behavior) offense. Short of expulsion, out-of-school suspension represents the school's most grave disciplinary measure. The following rules govern out-of-school suspension:

Student Accountability Code

- The student may not participate in any school activity on the day(s) of the suspension.
- A student on out-of-school suspension is not permitted on or near school property.
- The student risks loss of eligibility for interscholastic athletic competition.

Expulsion

The Administration of Trinity High School may expel any student whose behavior, as determined by the Administration, is seriously detrimental to anyone or anything connected with the Trinity High School community. Expulsion can occur any time after committing one or more Class I offense(s), after a series of Class II offenses and/or after repeated violation of the school's attendance policies.

Disciplinary and Attendance Contracts

At the direction of the Principal or Assistant Principal, students may be required to enter into disciplinary and/or attendance contracts as a condition of their enrollment at Trinity High School. The terms specified in these contracts typically involve standards higher than those outlined in this Handbook. Students who fail to comply with the terms of their contracts risk withdrawal from Trinity High School.

We believe that all students, school employees and volunteers have a right to a safe and healthy school environment. All members of the school community, in turn, have an obligation to promote mutual respect, tolerance, and acceptance.

The Principal will provide staff development training in bullying prevention and cultivate acceptance and understanding in all students and staff to build the school's capacity to maintain a safe and healthy learning environment. Teachers should discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of bullying.

Procedure for the Alleged Victim

1. Communicate to the harasser that the individual expects the behavior to stop, if the individual is comfortable doing so. If the individual wants assistance communicating with the harasser, the individual should ask a teacher, counselor, or Principal to help.
2. If the harassment does not stop, or the individual does not feel comfortable confronting the harasser, the individual should:
 - a. Tell a teacher, counselor or Principal; and
 - b. Write down exactly what happened, keep a copy and give another copy to the teacher, counselor, or principal including:
 - i. What, when, and where it happened;
 - ii. Who was involved;
 - iii. Exactly what was said or what the harasser did;
 - iv. Witnesses to the harassment;
 - v. What the student said or did, either at the time or later;
 - vi. How the student felt; and
 - vii. How the harasser responded.

Complaint Procedure

Trinity High School expects students and/or staff to immediately report incidents of bullying to the Principal or his/her designee. Staff members are expected to immediately intervene when they see a bullying incident occur. According to the Ohio Department of Education: "A school employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with a policy if that person reports an incident of harassment, intimidation, or bullying promptly in good faith and in compliance with the procedures specified in the policy."

The Principal upon receiving a complaint must notify the parents or guardians of any student involved in a prohibited incident and must provide access to any written reports pertaining to the prohibited incident within the spirit of the Ohio Revised Code 3319.321 and the Family Educational Rights and Privacy Act of 1974 as amended.

The Principal may appoint an investigator. Any evidence of harassment, including but not limited to, letters, tapes, and pictures should be turned over to the investigator. Each complaint of bullying should be promptly investigated. The investigator, with the approval of the Principal, or the Principal has the authority to initiate an investigation in the absence of a written complaint.

Any witness to the event is encouraged to describe what was witnessed to the investigator. Information received during the investigation is kept confidential to the extent possible.

Trinity High School prohibits retaliatory behavior against any complainant, witness, or any participant in the complaint process. Any person who engages in bullying may be subject to disciplinary action up to and including expulsion.

Investigation Procedure

It is imperative that harassment, intimidation, or bullying be identified only when the specific elements of the definition are met because the designation of such prohibited incidents carry special statutory obligations. However, misconduct by one student against another student, whether appropriately defined or not, will result in appropriate disciplinary consequences for the perpetrator.

Student Accountability Code

In evaluating whether conduct constitutes harassment, intimidation, or bullying, special attention should be paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim, and the motivation, either admitted or appropriately inferred.

The investigator will reasonably and promptly commence the investigation upon receipt of the complaint. The investigator will interview the complainant and the alleged harasser. The alleged harasser may file a written statement in response to the complaint. The investigator may also interview witnesses as deemed appropriate.

Upon completion of the investigation, the investigator will make written findings and conclusions to each allegation of harassment and report the findings and conclusions to the Principal. The investigator will provide a copy of the findings of the investigation to the Principal.

Resolution of the Complaint

Following receipt of the investigator's report, the Principal may investigate further, if deemed necessary, and make a determination of any appropriate additional steps that may include discipline. Prior to the determination of the appropriate remedial action, the Principal, at the Principal's discretion, interview the complainant and the alleged harasser. The Principal will file a written report closing the case and documenting any disciplinary action taken or any other action taken in response to the complaint. The complainant, the alleged harasser and the investigator will receive notice as to the conclusion of the investigation. The Principal will maintain a log of information necessary to comply with the Ohio Department of Education reporting procedures.

Points to Remember in the Investigation

- Evidence uncovered in the investigation is confidential.
- Complaints must be taken seriously and investigated.
- No retaliation will be taken against individuals involved in the investigation process.
- Retaliators will be disciplined up to and including suspension and expulsion.

Conflicts

If the investigator is a witness to the incident, an alternate investigator shall be appointed to investigate.

“Made in the Image and Likeness of God”

Trinity High School seeks to create and to foster a Catholic School community in which all individuals are treated with dignity, integrity, and respect. And in light of this, every person has a human dignity, which Trinity High School is committed to enhance and protect. We believe that all individuals are ‘created in the image and likeness of God.’ For these reasons, the Trinity High School community is one in which all faculty, students, and staff are entitled to pursue their fullest spiritual, intellectual, physical, social, and emotional potential. Harassment of any kind interferes with this development and, therefore, will not be tolerated.

Harassment occurs when an individual is intimidated, teased, bullied, threatened, or discriminated against because of race, religion, age, gender, physical appearance, socioeconomic status, or sexual orientation. Harassment creates an offensive, hostile, and intimidating environment. Examples of harassing behavior include, but are not limited to, the following:

1. Verbal Harassment: Derogatory or demeaning comments, jokes, threatening, or intimidating words spoken to or about another person or group.
2. Physical Harassment: Unwanted contact, touch, impedance, blocking, assault, hazing, or any intimidating interference with normal activity or movement.

Student Accountability Code

3. Visual Harassment: Derogatory, demeaning or inflammatory drawings, written words (including those on the Internet), cartoons, posters, gestures, or altered photographs physically produced or posted.
4. Sexual Harassment: Unwelcome insults and other verbal or physical conduct of a sexual nature.

Our school will treat all allegations of harassment seriously and will review and investigate such allegations in a prompt, confidential, and thorough manner.

Sexual Harassment Policy

Trinity High School is committed to creating an environment where sexual harassment is eliminated as contrary to the Catholic vision of humanity and social justice. Accordingly, sexual harassment is viewed by this community as immoral and illegal behavior that will not be tolerated. This policy is written and implemented to inform all students, parents, faculty, and staff members of an accurate understanding of sexual harassment and what procedures are to be followed in the event sexual harassment occurs.

Description of Sexual Harassment

Consistent with state and federal laws, Trinity High School defines sexual harassment as unwanted sexual advances or unwanted visual, verbal, or physical conduct of a sexual nature. Unacceptable behavior in this regard includes, but is not restricted to:

- Unwanted sexual advances, including propositioning and repeatedly asking someone out on a date after it is stated by that individual that he/she is not interested in such a relationship.
- Explicitly or implicitly offering benefits such as academic rewards or employment benefits in exchange for a sexual behavior.
- Making or threatening any type of reprisal after a negative response to a request for a date or any sexual behavior.
- Unacceptable non-verbal conduct, including, but not limited to, leering, sexual gestures or displaying sexually suggestive objects, pictures, cartoons, or posters.
- Unacceptable verbal conduct, including, but not limited to, making or using derogatory comments, epithets, slurs or jokes of a sexual nature or making sexually based remarks about another person's or one's own body.
- Verbal abuse of a sexual nature, including graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes or invitations.
- Unacceptable physical conduct, including touching, assault or impeding or blocking movement related to a sexually based conversation or action.

What to Do If You Are Sexually Harassed

When unwelcome activities described above occur that are of a milder nature, the best thing to do is to say that you are uncomfortable with the behavior and ask the individual to cease such behavior. If the behavior does not stop, students should immediately inform a guidance counselor or an administrator. Faculty and staff members should contact the Principal immediately. The following steps will be taken:

- The individual reporting the harassment will be asked to submit a written complaint.
- The Principal, or, in the case of the Principal's alleged involvement, an investigator appointed by the Trinity High School Board of Trustees, will investigate the matter. The investigation will include interviewing the person filing the complaint, the alleged harasser, eye witnesses, and corroborative witnesses.
- If any individual is found to have engaged in sexual harassment, sanctions deemed appropriate by the Administration of Trinity High School will be imposed.

Student Accountability Code

In addition to contacting school officials regarding incidents of sexual harassment, there may be additional legal avenues for complaint. Contact the Equal Employment Opportunity Commission or an attorney for more information.

In order that optimum advantage may be taken of both the equipment and computer related classroom experiences, mature and responsible behavior is expected of all students at all times. Respect for administrators, teachers, staff, other students, as well as for the equipment itself is essential.

The various networks and programs available to students in a variety of classes are meant to enhance the learning environment and contribute to the overall development of knowledge both in the subject areas and in computer-related technology. The right of a student to use computers is contingent upon his/her cooperation with the understandings and procedures outlined here as well as those indicated by the individual classroom teachers.

- Students should choose a password not easily deciphered.

The computers may never be used to review or transmit indecent or harassing material.

When serious infractions occur, teachers are to notify the IT Director and Assistant Principal. After considering the opinion of the teacher who made the referral, the Assistant Principal, together with the IT Director, will determine the appropriate action.

Student Dress Code

In choosing to attend Trinity High School, a student and his/her parent(s) agree to follow the expectations for dress established by the school's Administration. As leaders of a private, Catholic school, the Administration has adopted the following dress code as a reflection of a belief in several values:

1. **Personal discipline:** The dress code evokes and enforces neatness and responsibility. Adherence to the dress code reflects the maturity and self-discipline required for both academic excellence and growth in spiritual life.
2. **Positive identification with the school:** The dress code identifies students with Catholic education in general and Trinity High School in particular. In so doing, the code upholds the school's tradition and fosters Trinity's positive public image. The code also builds school unity by establishing a sense of community and promoting gender equity.
3. **Reducing competition and overall cost of dress:** The dress code seeks to guard against excessive variation and cost in the attire students wear to school on a daily basis.
4. **Consistency:** A student who wears a visible item that is not specifically identified in this code is in violation of the code. The Administration of Trinity High School has the ultimate authority to determine the appropriateness of all attire.

Dress Down Days for All Students

Participation in a “dress down” day is a privilege that must be earned. Unauthorized participation in a “dress down” day will be viewed by the Administration as an act of dishonesty and defiant disregard of school policy. Accordingly, consequences for unauthorized participation in a “dress down” day can be quite severe. The following regulations govern authorized “dress down” days:

- Students are to wear a shirt or blouse with long or short sleeves or a T-shirt with sleeves. “Muscle shirts” and tank tops are not permitted.
- Students are to wear long pants. No torn, frayed, worn, ragged, or excessively tight pants or shirts, including articles made of Spandex-type material, are permitted.
- No article of clothing may contain any symbol, representation, word, or phrase conveying a message or theme inconsistent with the Administration’s perception of the Gospel and tradition of the Catholic Church. In addition, articles of clothing containing advertisements or references to any tobacco or alcohol product are prohibited.
- Unless permission to wear shorts is specifically granted over the P.A. during the previous day, no shorts are permitted. If permission is granted, the length of the shorts must be consistent with the style known as “walking shorts.” Silk-style shorts and short athletic-style shorts are among those styles not permitted.
- During dress down days designated to promote a certain theme, students must wear acceptable articles of clothing that have a predominance of the approved color(s). For example, on “Blue and White” Day, students must wear clothes that are blue and white.

Procedures for Violation of the Dress Code

The Administration considers the decision not to comply to the dress code as a deliberate decision to defy school regulations. Consequently, the penalties for such decisions can be severe. Specifically, once it is determined a student is not in dress code:

Student Dress Code

- The student must correct the problem immediately if it is correctable as determined by a teacher or administrator.
- The student's violation will be reported to the Assistant Principal.

Integrated Pest Management (IPM) Plan

Trinity High School is committed to providing a safe environment for all members of the Trinity community. Accordingly, Trinity employs an IPM system that prevents the infestation of unwanted pests while de-emphasizing the use of pesticides. Pesticides are considered a supplement to the main program of good housekeeping and monitoring the building environment. Questions concerning IPM should be directed to Dr. Thomas Maher, Special Assistant to the President.

Lockers

Trinity High School owns the lockers and allows students the use of them. The lockers and the contents thereof are subject to searches at any time. The following rules also apply to locker use:

National Honor Society

Membership in the National Honor Society is an honor extended to those students whose character, scholarship, leadership and service meets the standards established by the Trinity High School Chapter. These standards and the selection procedures are publicized each year by the NHS adviser. Students are responsible for meeting all deadlines and other requirements associated with application for NHS membership.

Parking

- All cars must be registered with the Business Office in order to be parked on the school lots. Parking is free for the school year for all registered drives.
- The parking permit gives permission to park in any available spot in designated areas of school parking lots. No student has exclusive right to a particular parking space.
- On occasion, special events or other activities may require the school to close certain spaces to student parking. In these situations, some students will need to park in the municipal lot on Granger Road. Students who receive parking permits agree to this provision of Franciscan hospitality.
- Students who park without displaying their permits or who otherwise park illegally will have their cars ticketed with an adhesive window sticker and will be fined \$20. They also risk having their vehicles towed. Failure to pay the fine promptly may also result in revocation of all parking privileges as well as other penalties for failing to accept discipline from school authorities.

- Courtesy, safety and consideration are expected of every driver.
- No student is allowed to go to his/her car during the school day without a pass from the Business Office.
- Trinity High School is not responsible for the safety of any car or its contents.

Each case will be determined individually considering the students involved, the protection of the unborn child, and the welfare of the school.

Rapid Dismissals

A variation on a fire drill is used to evacuate the building in inclement weather. Students are instructed to go to their lockers for their coats and books, to move outside, to report to their teacher at a designated location, and to proceed home. Students who do not report to their teacher will be subject to disciplinary action.
